

Redmine - Defect #11164

Unable to open Microsoft Excel 2010 xlsx file after attaching

2012-06-14 15:56 - Michael Powell

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Attachments	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description			
Like the subject states, I attach a Microsoft Excel 2010 xlsx file. Attaches fine. When I click to save it or open it, Excel is unable to open it. Seems like a repeat of the Mime Type issues? I attached an xlsx file for demonstration purposes.			

History

#1 - 2012-06-16 22:39 - Jean-Philippe Lang

- Resolution set to Cant reproduce

Excel opens it just fine for me.

#2 - 2012-06-17 00:07 - Michael Powell

- Status changed from New to Resolved

Confirmed. I did some more troubleshooting and I think it's more an Excel issue for me than it is the document attachment. Thanks.

#3 - 2012-06-18 22:48 - Jean-Philippe Lang

- Category set to Attachments
- Status changed from Resolved to Closed
- Resolution changed from Cant reproduce to Invalid

OK, thanks for the feedback.
