Category:	Issues		**Estimated time:**	0.00 hour
Target version:	2.1.0			
Resolution:	Fixed			

Description

The summary page holds a lot of useful info. What looks a bit counter-intuitive to me though, is that the list of priorities runs from low (at the top) to high (at the bottom):

Would it be an idea to consider reversing this order? High and "at the top" are similar concepts and would cause less cognitive dissonance, IMO.

Associated revisions

Revision 9879 - 2012-06-20 21:24 - Jean-Philippe Lang

Reversed order of priorities on the issue summary page (#11205).
