The "Index by titl the page or their	•	n each wiki page are <i>extremely</i> useful. F	ar more in fact than their default placement on	
Please consider renaming them or adding a setting to allow doing so. My vote would be:				
 Index by title -> Sitemap Index by date -> Recent changes 				
Because: 1) novices instantly understand what those links are, and 2) it matches other wiki's etc. for advanced users.				
There is a workaround, of course: add links with those names to the sidebar.
