| Target version: | | | |
| Resolution: | Invalid | | |
| Description | | | |
| Will the plugin (time tracker) be updated to support versions 1.4 and /or 2.x? | | | |
| This is a very useful plugin and at this point preventing us from upgrading to newer version. | | | |

Are you talking about http://www.redmine.org/plugins/redmine_time_tracker ?

I'm using it with Redmine 1.4.4 with no problem.
