i try to make redmine client working with remine 2.0.3
i can init redmine client with redmine 2.0.3(see file)
i have a problem to commit time entry
can we always use this:
[http://127.0.0.1:3002/redmine/projects/2/time_entries/new?back_url=http%3a%2f%2fflocalhost%3a3002%2fprojects%2f%7b0%27d%2ftime_entries%2fnew](http://127.0.0.1:3002/redmine/projects/2/time_entries/new?back_url=http%3a%2f%2fflocalhost%3a3002%2fprojects%2f%7b0%27d%2ftime_entries%2fnew&time_entry[issue_id]=1&time_entry[spent_on]=2012-07-12&time_entry[hours]=1.0.10&time_entry[comments]=&time_entry[activity_id]=8&authenticity_token=I%2bvffjTajUWQplJrbQtHxUT0SgxgtoJ%2bvHSpZjF8zHI%3d&time_entry[project_id]=2&commit=Save)
&time_entry[issue_id]=1
&time_entry[spent_on]=2012-07-12
&time_entry[hours]=1.0.10
&time_entry[comments]=
&time_entry[activity_id]=8
&authenticity_token=I%2bvffjTajUWQplJrbQtHxUT0SgxgtoJ%2bvHSpZjF8zHI%3d
&time_entry[project_id]=2
&commit=Save

fields are filled but the time entry is not save

- Status changed from New to Closed
- Resolution set to Invalid

You should consider using the [REST API](#) instead.

Anyway, please post in forum, the tracker is for bugs and feature requests only.
