Redmine - Defect #11392

Cannot edit issue description

2012-07-13 17:34 - Raghu Govindarajan

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	2.0.2

Description

I can not change an issue description.

The "More" link after the "Change Properties" is not showing up. I have checked the permissions and they all look fine. I am a "Manager" of this project and the manager role does have the Edit issue checked (it has all permissions active).

I have another tracker running on Redmine 1.1.3 where this works fine as expected.

Here is my system information.... It is a Bitnami instance running on Amazon AWS.

```
Ruby version           1.8.7 (i686-linux)
RubyGems version       1.6.2
Rack version           1.4
Rails version          3.2.5
Active Record version    3.2.5
Action Pack version      3.2.5
Active Resource version  3.2.5
Action Mailer version    3.2.5
Active Support version   3.2.5
```

Screen shot added

#2 - 2012-07-13 17:52 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Invalid

The "More" link has been removed, fields are all displayed initially in the form.

#3 - 2012-07-13 19:36 - Raghu Govindarajan

Thanks Etienne! I was looking all over and did not see it.

I have updated the manual page http://www.redmine.org/projects/redmine/wiki/RedmineIssues/#Updating-an-existing-issue with the new instructions.

If you have the permission, can you please delete the file RedmineChangingIssueDescriptionNewLink.png on that page? It has some non-obfuscated data.

#4 - 2012-07-14 15:45 - Etienne Massip

It is removed.
