Sorry, is a feature req, not a defect!!

#2 - 2009-02-04 18:40 - Ioic Le Gallou

I have the same need, especially for filtering dates: In our team we need to know what is the expected charge of each developer for each month. In the current redmine version (0.8.0), it is not possible to filter a date that start after X days and before Y days, so we cannot filter a set of tasks expected to start (or to finished) during a month.

#3 - 2011-04-08 08:53 - Etienne Massip

- Category set to Issues

#4 - 2014-04-24 07:53 - @ go2null

Note: you can currently filter text fields thus:
field contains value1%value2

Obvious caveat: value1 must be before value2 in field.

+1

#6 - 2017-11-05 07:50 - Go MAEDA

- Category changed from Issues to Issues filter

#7 - 2017-11-05 07:59 - Go MAEDA

- Has duplicate Feature #27365: Filtering by two or more values for parameters without choosable options added

#8 - 2017-12-01 16:34 - Toshi MARUYAMA

- Related to Feature #27363: One more filter status for lists / key-value lists added
