

Redmine - Feature #11405

Add users as watcher when they leave a comment (Bugzilla parity)

2012-07-16 14:40 - pasquale [:dedalus]

Status: Closed	Start date:
Priority: Normal	Due date:

Target version:	
Resolution: Duplicate	
Description	
Usually, when a user leave a comment, it's probably that user is interested to issue develop and then redmine should be propose a check (flagged ON) to allow current user as a watcher. As mockup, I attach here an image from the bugzilla behavior

Why not add him by default just as it is done when the user posts a forum message?

And add a parameter in the user profile so he can opt-out of this behavior.
