Description

It wood be a good to have more filters on the Administration -> Users page, I'd like them to be a bit like the filters on issues:

- Admin=yes
- Last Login = empty
- eMail contains = xxx
- ...

and sort by customfields and so on...

nice idea
not too important at the moment for us but i had the same idea some days ago when i first added a custom field to users

- Priority changed from Low to Normal

- Resolution set to Fixed

The ability to filter users by user attributes (first/last name, last login, admin flag, email addresses, etc.) and by user custom field(s) values, and the ability to add the respective columns, on the admin user list is implemented via issue #37674 (Redmine 5.1.0).
