

## Redmine - Defect #11611

### Issues not displaying Associated Revisions

2012-08-09 11:05 - Richard Page

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Issues	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	2.0.3
<b>Resolution:</b>	Cant reproduce		
<b>Description</b> I have two installations 1 test and 1 production. On the test system the integration between SVN and Redmine works fine. However on the Live system I have checked some code in against a issue using the Redmine TortoiseSVN plugin and SVN references the issue but the Associated Revisions section is not displayed on the issue. Is there some setting that I have to configure? Any help appreciated.			

### History

#### #1 - 2012-08-09 12:04 - Richard Page

I have just discovered how to fix this.

Remove the link to the SVN Repository then re-create the link and the repository is refreshed and hey presto the Associated revisions are now displayed. Would be good to publish this info so that others don't stumble.

#### #2 - 2012-08-09 23:33 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Cant reproduce

You should not have to do that. But thanks for the feedback anyway.
