Redmine - Defect #11614

Footer covers up update when clicking 'update' at the bottom of an issue in Chrome

Description

When clicking on Update at the bottom of an issue in Chrome (I am using version 21, but may be in other versions), the footer overlaps the content. Once I click around that area I finally get to see the Update content, but still odd rendering issues.

History

This has been brought up a couple times between me and a coworker, so +1 on confirming this.

We also use Chrome, so I don't know if this is reproducible in other browsers.

#5 - 2015-10-04 02:01 - Go MAEDA

- Status changed from Confirmed to Closed

Redmine 2.0 is not maintained now and no problem in current versions of Redmine.
I think we can close this issue.
