Description

Hello,

I am very new to redmine,
i would like to add a new filed on user registration form and also validate the value of the filed.

could you please let me know the steps.
1. what are the plugin in need to install
2. where i need to change

Thanks in advance.

Regards,
Chandru.

- Status changed from New to Closed

- Resolution set to Invalid

You can use custom fields, a core feature. And please, no help/plugin request here.
