

Redmine - Defect #11722

Atom feed for a query doesn't show the same results as query when groups involved

2012-08-28 09:52 - Carlos Peñas

Status:	Closed	Start date:	
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:	Feeds	Estimated time:	0.00 hour
Target version:		Affected version:	2.0.3
Resolution:	Invalid		
<b>Description</b>			
Seems like if you made a filter for all tickets assigned to <<me>> it resolves your group belonging, showing the tickets asigned to user and the tickets assigned to groups. But if you pick the Atom feed group issues dissapear.			
I noticed it because I use firefox live bookmarks, after leave unnoticed some issues :P

- Status changed from New to Resolved

Seems some sort of cache issue. At the next day of alter the queries after a migratios was solved. I haven't time to reproduce it so I'll close it until I can find how to reproduce this bug.

#2 - 2012-09-11 14:57 - Etienne Massip

- Status changed from Resolved to Closed

- Resolution set to Invalid
