

Redmine - Feature #11727

API requests validation

2012-08-28 15:28 - Artur Smolarek

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	REST API	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b>			
Will be good to validata data provided to API.			
The problem is that API always returns http code 200 when setting new status id (even if that id not exist). The same situation with other params.			
API should return 200 only when changes were apply succesfully in Redmine database.
