

## Redmine - Defect #11728

### Macros should be rendered or stripped before render to PDF

2012-08-28 16:20 - Carlos Peñas

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Low	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	PDF export	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	2.0.3
<b>Resolution:</b>	Duplicate		
<b>Description</b>			
<p>For text maybe but for render as PDF it makes no sense to have a "&lt;TOC&gt;" at the beginning of the PDF document.</p> <p>I think the quick and dirty solution should be to strip all things which smells like a macro before render the page as PDF. But perhaps it's possible to inform to the macro about the rendering and let it to provide an alternate PDF content</p>
