Redmine - Defect #11804

Email notifications not sent to task assignees, are sent to watchers

2012-09-10 17:26 - Kristjan Mustkivi

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Email notifications		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	1.3.2

Description

Hi!

I have found a lot of threads with the same issue, a few have solutions none of which have helped me.

In short: test email works and watchers get email notifications but assignees do not. "Sending email notification to:" in the production.log is blank.

Ubuntu Server
Redmine 1.3.2.stable (MySQL)
ruby 1.8.7 (2011-06-30 patchlevel 352) [x86_64-linux]
rake version 0.9.2.2
gem version 1.8.15

Googling shows quite a lot of threads with similar problems but no viable solution in my case (all migrations have been run, DB fields like users.mail_notification varchar(255) instead of tinyint/boolean).

A dead end so far.

History

#1 - 2024-04-30 07:13 - Marius BĂLTEANU

- Status changed from New to Closed

- Resolution set to Invalid

Too old, we are not aware by such an issue in the recent versions.
