

## Redmine - Feature #11809

### update progress depending on status (just default value)

2012-09-11 09:39 - Dietmar H

<b>Status:</b> New	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b> Issues	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	
<b>Resolution:</b>	
<b>Description</b>	
<p>In our team, 98% of closed issues have progress set to 100%. Currently, when closing a ticket, this means changing status and progress manually every time. My proposal: Per default set progress to 100% when status is switched to closed. This should happen in frontend code, so that when somebody wants to set progress to something else then 100% while closing the issue, that's still possible.</p> <p>I've seen <a href="http://www.redmine.org/projects/redmine/wiki/RedmineSettings#Calculate-the-issue-done-ratio">http://www.redmine.org/projects/redmine/wiki/RedmineSettings#Calculate-the-issue-done-ratio</a> where this can be configured, but that completely removes the option to set progress manually.</p>

Good Idea! We would appreciate that too!

We're having some more ideas about how status management should be improved: #11999
