Probably there is an error in /app/views/repositiories/diff.html.erb in line 4

```

- Status changed from New to Confirmed

- Affected version (unused) changed from 1.4.0 to 1.4.4

- Affected version changed from 1.4.0 to 1.4.4

- Priority changed from Normal to Low

I confirmed 1.4-stable has this bug.
And trunk r10487 has **no bug**.

route.rb has changed heavily from Rails2 to Rails3.
Fix the bug of only 1.4-stable is a high cost.
