**Description**

Hi,

Could some one help me in resolving issue with redmine.

When we update parent id for existing issue a hierarchical issues gets displayed on top of issue page.

I update one parent issue, but it gets updated with 2 or issues.

Not sure how do i explain

I have attached screen shot before and after.

Please some one help me

I have redmine 1.0.0, Rails-2.3.5, ruby-1.8.7

- Status changed from New to Closed
- Resolution set to Cant reproduce

Can not reproduce with current version. I'm closing it since Redmine 1.0 is no longer maintained, you should consider upgrading.
