Redmine - Patch #12061

Japanese translation improvement (permission names)

2012-10-10 17:05 - Go MAEDA

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Toshi MARUYAMA		**% Done:**	0%
Category:	Translations		**Estimated time:**	0.00 hour
Target version:	2.2.0			

Description

fix incorrect translation:
permission_manage_issue_relations

The current translation "□□□□□□□" means "manage issues", not "manage issue relations".

unification of terminology:
permission_log_time, permission_view_time_entries, permission_edit_time_entries, permission_edit_own_time_entries

"□□□□" is renamed to "□□□□" in Redmine 0.9. Permission names should also be renamed.

Associated revisions

Revision 10597 - 2012-10-11 05:36 - Toshi MARUYAMA

Japanese translation improvement by Go MAEDA (#12061)

History

#1 - 2012-10-11 04:06 - Toshi MARUYAMA
