Category:	REST API	**Estimated time:**	0.00 hour
Target version:	2.2.0		
Resolution:	Fixed		

Description

i upload a lot of jpegs for every project via rest-api.
When a project it finished it would be great if i could zip the projectattachements.

Therefore it would be great if my uploadfilenames would be adoptet for the files.

At the moment my api-uploaded files have a timestamp (and the token?) as filename. Even no fileextension.

121009092213_4665b2f7563a436f5f33df856cd9fe8d

Manually uploaded files have the timestamp and their uploadedname, like:
121015105646_X01_010_010.jpg

Am i using the rest-api wrong or is this feature not included yet?

my reduced python example:

```
url = self.__url("uploads.json")
headers = {'content-type': 'application/octet-stream'}
data = open(attachment).read()
r = requests.post(url, data = data, headers = headers)
token = json.loads(r.text)
token = token['upload']['token']
```

and

```
payload = dict(
    issue = dict (
        uploads = dict (
            upload = dict (
                token = token,
                filename = filename,
                ),
            ),
    )
)
r = requests.put(self.__url("issues/"+str(ticketid)+".json"), data = json.dumps(payload), headers
= self.header)
```

Associated revisions

Revision 10678 - 2012-10-18 23:06 - Jean-Philippe Lang

Let the attachment filename be specified on upload (#12125).

History

#1 - 2012-10-18 23:00 - Jean-Philippe Lang

- Tracker changed from Defect to Feature

- Subject changed from REST-API: Own Filename for uploaded files via API to Set filename used to store attachment updloaded via the REST API

- Assignee set to Jean-Philippe Lang

- Target version set to 2.2.0

There's no option for now to set the actual file name of the attachment when uploading via the rest API.

#2 - 2012-10-18 23:08 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed

2/2

Implemented in [r10678](#). You can now POST to /uploads.xml?filename=image.jpeg to set the filename of your attachment on the file system.

wow! that was fast!
thank you very much.
great help!

#4 - 2016-02-04 12:15 - Simple Dino

It would be really great to update the documentation ;)
