Description Hi, it would be great to have those issue filters (for example) grouped. In some case, especially in the new Version of Redmine, there are many many filters. It would be great to have them grouped for a faster navigation and a better overview. This could be made like "assign to" with OptGroup(http://www.w3schools.com/tags/tag_optgroup.asp). See attachment for example			
Related issues: Is duplicate of Redmine - Feature #13849: Grouped filters in the filter drop-... Closed			

History

- *Category set to UI*
- *Target version set to Candidate for next major release*

Agreed.

#2 - 2013-05-26 19:29 - Toshi MARUYAMA

- *Status changed from New to Closed*
- *Target version deleted (Candidate for next major release)*
- *Resolution set to Duplicate*

I posted patches to [#13849](#) and it has reviews, so I close this issue as duplicate.

Agreed.

[jp.jp](#), please review the patch attached on [#13849](#). Patch is ready more than a year. I am looking forward to see grouped filters in Redmine 2.6.
