

Redmine - Feature #12347

"Calculate the issue done ratio" per project configuration

2012-11-11 18:19 - Terence Mill

Resolution:	
Description	
It would be useful to be able to configure automatic "done ratio" calc per project. In some cases we need it calculated by status, for other by issue field.

Any update on this requested feature? It would be really useful if we can select this per project.
