Category:	UI	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Duplicate	**Affected version:**	2.1.2

Description

Hello
My issue is that I can't create an issue under IE, because a part of the UI is missing !!
and I have a warning message in IE (see attached files)!!

Message: HTML Parsing Error: Unable to modify the parent container element before the child element is closed (KB927917)
Line: 0
Char: 0
Code: 0
URI: xxxxxxxxxxxxxxxxxxx

After searching long hours to avoid this pbm configuring IE... I've found that if I disable acive scripts in IE, it works !! but I don't have acces to many other functionnality of Redmine..

After that, I checked on the demo site, and it works (under IE)!!
here is my redmine env. :

Environment:
Redmine version   2.1.2.stable
Ruby version   1.9.3 (x86_64-linux)
Rails version   3.2.8
Environment   production
Database adapter   Mysql2
Redmine plugins:
redmine_gitolite   0.0.1

It's seems to be up to date...

Everything is fine under firefox and chrome, but I can't ask people install these SW in the company....
So i need help !

History

#1 - 2012-11-23 08:11 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Duplicate

It was fixed in 2.1.3.

#2 - 2012-11-23 08:13 - Jean-Philippe Lang

See [r10806](#)

#3 - 2012-11-26 09:32 - yann goujon

Could you please hide the URL in my 1st post ?

Thanks

#4 - 2012-11-26 10:05 - Toshi MARUYAMA

- Status changed from Closed to Reopened

- Assignee set to Jean-Philippe Lang

#5 - 2012-11-26 10:43 - Jean-Philippe Lang

- Description updated

- Status changed from Reopened to Closed

Done.
