

Redmine - Defect #12477

Internal server error after migrate from Trac 0.12.3 ro Redmine 2

2012-11-30 15:52 - Eric Rivera

Status:	Needs feedback	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Importers	Estimated time:	0.00 hour
Target version:		Affected version:	2.1.4
Resolution:			
Description Hello, I have recently tried migrating our Trac 0.12 system over to red mine 2.1.4 The rake file runs and says transfers 147/147 tickets successfully. When I log in I can see my tickets listed however when I click on one it just sends me to "internal server error page"? Can anyone please help here?

- Status changed from New to Needs feedback

#5 - 2013-03-27 15:21 - Charles Capon

- File migrate_from_trac.rake.patch added

Hey everyone,

I found out what the problem is: dates in trac 0.12.3 are stored as microseconds from epoch. Function Time.at signature is Time.at(seconds[, microseconds]).

As attachment, you can find a svn diff that correct this bug. I have never developed with ruby before today so it may be a very dirty fix. I'm quite sure that it won't work with prior trac version that does not store dates as microseconds (I think prior to 0.12).

#6 - 2013-07-29 16:48 - Craig Rodrigues

Can you try the patch here:

<http://www.redmine.org/issues/14567>
