Target version:	
Resolution: Duplicate	
Description	
<p>Is it possible to set the "Start Date" and "Due Date" to accept the date format in mm-dd-yy. I was able to change the calendar format, however the date is being parsed wrong.</p> <p>I have found several old patches that look as though they address this, but none of them seem to apply to the version of redmine we are using.</p> <p>Environment: Redmine version 2.1.4.devel Ruby version 1.8.7 (i686-linux) Rails version 3.2.9 Environment production Database adapter MySQL</p> <p>-Thanks</p>
