## Associated revisions

### Revision 10951 - 2012-12-08 09:24 - Jean-Philippe Lang

Group events in the activity view (#12542).

## History

### #1 - 2012-12-08 09:28 - Jean-Philippe Lang

*- File grouped_activity.png added*

*- Status changed from New to Closed*

*- Resolution set to Fixed*

Committed in r10951. Related events (eg. updates of an issue, messages in a forum thread...) are now grouped in the activity:

### #2 - 2013-07-17 18:12 - Michael Nagel

Is it general consensus that the new behavior is strictly better in all cases?

Could the grouping be made optional?
Where is the place to discuss this?

**#3 - 2017-10-25 18:51 - Mischa The Evil**

*- Related to Patch #27240: Render the activities block on the UsersController#show view grouped, with event_type icon and with the 'me' indication added*
