

Redmine - Feature #12656

make commit keywords and issue ratio configurable for each tracker

2012-12-20 13:16 - Anonymous

Status: Closed	Start date:

Target version:	
Resolution: Duplicate	
Description Problem: The tracker "Tasks" includes simple tasks. These tasks should be "closed" when committing "fixes #1234 " for example. The tracker "Features" includes an advanced workflow. These tasks should be set to "ready for review" when the developer committed "fixes #1234 ". Maybe you can make this configurable for each tracker? Another solution: If there were more than one keyword and an assigned issue status configurable this would help, too. Example: "assign" => status "assigned". "reviewready, ready" => status "ready for review" "closes, fixes" => status "closed". and so on... btw: great work, thanks a lot!

History

#1 - 2012-12-25 10:20 - Toshi MARUYAMA

- Category changed from Administration to SCM

#2 - 2013-10-05 11:58 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Duplicate

Same as [#7590](#).

Another solution: If there were more than one keyword and an assigned issue status configurable this would help, too.

This is added for 2.4.0 (see [#4911](#)).

#3 - 2013-10-05 11:58 - Jean-Philippe Lang

- Is duplicate of Feature #7590: Different commit Keywords for each tracker added
