

Redmine - Defect #12685

Commit message generates invalid link when repository has an identifier

2012-12-28 18:13 - Philippe Lafoucrière

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: SCM	Estimated time: 0.00 hour
Target version:	Affected version:
Resolution: Duplicate	
Description	
The link generated by a commit message like "close #123" will generate a link like "Applied in changeset: myrepo commit:abc123". The correct syntax for a commit link would be commit:myrepo:abc123 instead.

History

#1 - 2012-12-30 08:44 - Toshi MARUYAMA

- Category changed from Issues to SCM

#2 - 2013-11-22 15:41 - Viktor Berke

I can verify both the bug to be present and the patch to be working. Please merge either this or the (seemingly) better version in #13036. Redmine version 2.4.0.

#3 - 2015-06-15 20:42 - Gregor Borsemirk

I think this was fixed in #13544 (#13036 should be closed, too).

#4 - 2015-07-13 13:03 - Toshi MARUYAMA

- Status changed from New to Closed

- Resolution set to Duplicate

Thank you for your pointing out.

#5 - 2015-07-13 13:04 - Toshi MARUYAMA

- Duplicates Defect #13544: Commit reference: autogenerated issue note has wrong commit link syntax in multi-repo or cross-project context added
