Description

hello,

Is there a way to not display custom values in brackets and quotation marks ?
It's displayed like :
Browser : ["Firefox 17","Firefox 16","IE 8"]
and my users would like
Browser : Firefox 17, Firefox 16, IE 8
or if not possible
"Firefox 17","Firefox 16","IE 8"

Happy new year !

- Tracker changed from Patch to Feature

This is more a feature request.

Where do you find this? I can't find it currently.

#2 - 2013-01-02 12:39 - Fred Giusto

I added custom fields list with multiple possibility and each values are displayed with [""] in the issue details.

- Status changed from New to Resolved

It was only a display of extended_fields plugin.
I uninstalled it et no more brackets

Sorry
