<b>Status:</b> Closed	<b>Start date:</b>

<b>Target version:</b>	
<b>Description</b> Patch for <a href="#">#12736</a> .  Some remarks: There is a conversion to int. This means, every date which is bevor 1970 is invalid, but this should be ok in my opinion.  Best regards, Daniel	

### History

- Status changed from New to Closed

There was already another approach for validating Version#effective\_date. I've added a date validator in [r11124](#) that implements the validation for all dates.

#### #2 - 2013-01-06 14:17 - Toshi MARUYAMA

- Target version deleted (2.2.1)
