Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues workflow	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Duplicate		

Description

If we can disable these default filed, Redmine will open a whole new world for people that do not only use it for IT project, but also like meeting, sales, billing, tons of daily data collection and common use. Redmine will become a much better form tools like Wufoo.

PS: If we can disable the "file attaching/watchers" filed will make the above benefit better!

Badly need this little feature. Please everyone who need this feature leave your comment to support it. Thanks!

Well, after the integration of #12005 this shouldn't be a problem anymore.
Maybe you can take a look at this and give some feedback if this would solve your problem.

Hi Wan,

no not yet. But with a bit tweeking on this and some luck, it's going to be included in 2.3.x hopefully. :-)

Hey, thanks for the mention, it is really what I want!

are you able to hide the default status field using the patch?

I am adding some customizations on redmine and this is one of my use cases.
