Redmine - Feature #12762
Add option to calculate done ratio with the data from time tracking

2013-01-08 10:26 - Anonymous

Status: New
Priority: Normal
Assignee: 
Category: Issues
Target version: Candidate for next major release
Resolution: 

% Done: 0%
Estimated time: 0.00 hour

Description
For example: if an issue has 20 hours assigned and 10 hours are done (via commit or time tracking for the ticket on the web interface) the done ratio should be automatically updated to 50% until a customizable value (for example 80%).
