

Redmine - Defect #12899

gant chart - milestones are no longer sorted by date

2013-01-18 12:37 - Anonymous

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Gantt	Estimated time:	0.00 hour
Target version:		Affected version:	2.2.1
Resolution:			

Description

with the update to 2.2.1 the gantt chart sort order seems to have changed.
IIRC the next milestone (sorted via date) was on top and the milestones without a date were at the bottom.
Now I cannot recognize a sort order.. maybe this can be switched into a feature request? in the same way as "filter" is shown in the gantt view an "options" field could be introduced that allows sorting?

History

#1 - 2014-04-22 11:57 - Toshi MARUYAMA

- Status changed from New to Closed

Gantt sorting changed by [#7335](#).
