gantt chart - milestones are no longer sorted by date

Resolution:			**Affected version:**	2.2.1

Description

with the update to 2.2.1 the gantt chart sort order seems to have changed.
IIRC the next milestome (sorted via date) was on top and the milestones without a date were at the bottom.
Now I cannot regconize a sort order.. maybe this can be switched into a feature request? in the same way as "filter" is shown in the gantt view an "options" field could be introduced that allows sorting?
