Resolution:	Invalid		**Affected version:**	1.0.4

Description

i have a two seperate projects for ex: A and B.

A belongs to parent project A1
B belings to parent project B1

I want to link B with A. So that i can see all the issues of B on A.

Will that work in redmine. if Yes please let me know how to achieve this.

Awaiting for your response its very urgent.
