Redmine - Feature #1306

resolution fixed and % done out of sync

2008-05-26 20:27 - rupert thurner

Status:	New	**Start date:**	2008-05-26
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues	**Estimated time:**	0.00 hour
Target version:			
Resolution:			

Description
it would be nice if fixing an issue would set the % done to 100%.

Now - every issue state provide %done option - hence this looks like achieved.

#2 - 2013-03-18 13:48 - Daniel Felix

No i think you misunderstood the requirement.

He means that the %done field should be set to 100 if the issue gets the resolution fixed.

Thanks for the list Mischa.
Maybe we should provide such lists for each "major" problem category?
This could help to get a bundled change. Maybe this would also help to get some releases with a certain target, like in some other projects. "2.4 Better Backend, 2.5 Better Performance, 2.6 More Filter and Flexibility" and so on.

#5 - 2013-10-09 16:20 - Marc Schlaich

+1 It is really annoying that you have to update both fields.

#6 - 2013-10-10 08:21 - Marc Schlaich

This is exactly what should be built-in: https://github.com/vaz/redmine_issue_done_ratio_both
