Redmine - Defect #13154

After upgrade to 2.2.2 ticket list on some projects fails

2013-02-13 10:34 - Rajko Albrecht

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**

Category:	Issues		**Estimated time:**	0.00 hour
Target version:	2.3.0			
Resolution:	Fixed		**Affected version:**	2.2.2

Description

On some projects I get just a 500 error with following debug output:

```
Completed 500 Internal Server Error in 145ms

ActionView::Template::Error (comparison of Array with Array failed):
    20: </td>
    21: <td class="add-filter">
    22: <%= label_tag('add_filter_select', l(:label_filter_add)) %>
    23: <%= select_tag 'add_filter_select', filters_options_for_select(query), :name => nil %>
    24: </td>
    25: </tr>
    26: </table>
  app/helpers/queries_helper.rb:27:in `sort'
  app/helpers/queries_helper.rb:27:in `filters_options'
  app/helpers/queries_helper.rb:22:in `filters_options_for_select'
  app/views/queries/_filters.html.erb:23:in `_app_views_queries__filters_html_erb__198771277581874
7131_9018920'
  app/views/issues/index.html.erb:18:in `block in _app_views_issues_index_html_erb___3250084186343
222987_10921720'
  app/views/issues/index.html.erb:11:in `_app_views_issues_index_html_erb___3250084186343222987_10
921720'
  app/controllers/issues_controller.rb:83:in `block (2 levels) in index'
  app/controllers/issues_controller.rb:82:in `index'
```

In development environment I tried to empty the queries table, does not help. The hint from boards about this did not help for me.

So I did a workaround changing app/helpers/queries_helper.rb and replaced line 27 with sorted_options = query.available_filters do |a, b|

I have no idea whats going wrong, it does not happen on all projects and does not depend on any queries stored. I'd upgraded from redmine 1.4.x to 2.2.2, all other stuff is working.

Associated revisions

Revision 11372 - 2013-02-14 21:37 - Jean-Philippe Lang

Refactor: use an ordered hash to store available filters and remove :order option (#13154).

Revision 11848 - 2013-05-16 12:55 - Toshi MARUYAMA

move filter order tests from helper to model.

r11372 (#13154) moves filter order logic from helper to model.

History

#1 - 2013-02-13 10:46 - Rajko Albrecht

Just tested with 2.2.3, too, same problem and workaround :(

#2 - 2013-02-18 18:26 - Jean-Philippe Lang

- Status changed from New to Resolved

- Assignee set to Jean-Philippe Lang

- Target version set to 2.3.0

- Resolution set to Fixed

Could not reproduce but got the same error when :order key was missing in query filters.
This should no longer happen after r11372.

#3 - 2013-02-24 10:24 - Jean-Philippe Lang

- Status changed from Resolved to Closed

#4 - 2013-03-06 15:22 - Rajko Albrecht

- Status changed from Closed to Reopened

Is it possible that this fix isn't merged into 2.2-stable branch? there this error exists further and I didn't see that patch inside.

#5 - 2013-03-07 10:15 - Daniel Felix

- Status changed from Reopened to Closed

As you could see in the target version, there is "2.3.0". This should answer your question that this issue will be fixed in 2.3-stable. ;-)
