

Redmine - Patch #13155

Add login to /users/:id API for current user

2013-02-13 12:27 - Jérôme BATAILLE

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:	2.3.0		
Description We are developping a new api authentication with a throwable token. We need to get the login of the current user when authenticating through the api. The login field should be returned if the user informations displayed are those of the current user (in our enhancement the one linked to the throwable token)
