Description

On my page there is no link below the spent time block to display "all my spent time". Actualy the click path is quite long: Projekt XY"
-> Details (of spent time) -> All projects (in the breadcrumbs path)
This issue could use the new feature #10191 so by clicking on "all my spent time" only my spent time from all projects is displayed.

Compared to the issue blocks on my page there is always a link below to "View all issues".
