

## Redmine - Feature #13191

### Custom query: When an issue was applied to version x?

2013-02-16 15:02 - Filou Centrinov

<b>Status:</b>	Resolved	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Issues	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b>			
<p>On the roadmap page I can't recognize which issues were added in the last days. I'd like to have a possibility to sort/query the date when a issue was applied to the version x.</p> <p>Now I see 68 issues for redmine 2.3 and I never know which issue was added the last days.</p>			

### History

- Status changed from New to Resolved

Ok, I'm using now the column "version". For the last days that's sufficient.
