

Redmine - Feature #13296

Permits defining a default "due date"

2013-02-26 15:36 - Benjamin Jeanjean

Status:	New	Start date:

Target version:			
Resolution:			
Description Each project has a "due date" (when working with clients). It would be awesome to permits to add a default "due date" for a project. For each new issue, the "due date" will be filled by default.

This plugin solves your problem, just edit file `/plugins/redmine_default_due_date/lib/redmine_default_due_date.rb`
line: `context[:issue].due_date ||= Date.today + 30 # Days after creating Issue`

Did not work for my Redmine v.4.2.1

#5 - 2022-05-27 13:50 - Mikhail Rodionov

We made an update mysql, it works

```
alter table INVOICE modify INVOICEDATE date default (current_date + INTERVAL 90 DAY)
```

#6 - 2022-07-13 03:59 - Sunding Wei

The plugin solved the issue, thanks!
