Description

Hi
I'm getting the following error when submitting a ticket update that contains a "time"/number under Spent Time... Does anyone have any insight on how to possibly fix this issue? Running Redmine 1.2.

History

#1 - 2013-02-28 14:36 - Etienne Massip

- Priority changed from High to Normal

1.2 is no more supported, it's quite old.

I don't think that position has ever been an Issue model property ever, it could be caused by a plugin.

#2 - 2013-02-28 14:44 - kirthan shetty

previously it was working , the only thing is i cannot update issues or create new issue , after creating new issue if i submit it , it shows

Internal error

- Subject changed from I'm getting the following error when submitting a ticket update that contains a "time"/number under Spent Time... Does anyone have any insight on how to possibly fix this issue? Running Redmine 1.2. to I'm getting the following error when submitting a ticket update that contains a "time"/number under Spent Time

- Status changed from New to Closed

- Affected version (unused) set to 1.2.0

- Resolution set to Invalid

- Affected version set to 1.2.0

There is no Issue#position in Redmine. I guess you have local changes or plugins.
