Redmine - Defect #13376

watcher notification issue

2013-03-06 19:35 - Nicola Jean

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Email notifications		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Fixed		**Affected version:**	2.2.2

Description

running on redmine 2.2.0.
Every time an issue is updated all the watchers are notified, regardless of their mail notification status. It looks like there is a problem in lib/plugins/acts_as_watchable/lib/acts_as_watchable.rb line 73 :

```
notified.reject! {|user| user.mail_notification == 'none'}
```

quick fix : change it to

```
notified.reject! {|user| (user.mail_notification == 'none' or user.mail_notification == 'only_assigned' or user.mail_notification == 'only_owner') }
```

If I recall correctly this problem has already been solved in redmine 1.1.2. Is there any test to check that it does not appear any more?

Regards

- Status changed from New to Closed

- Resolution set to Fixed

This is not a defect but expected behavior. The current caption of labels are misleading.

They will be changed from *"Only for things I am (assigned to|the owner of)"* to *"Only for things **I watch or** I am (assigned to|the owner of)"* in upcoming Redmine 3.4.0 (#24177).
