Description			
Currently not all Redmine link types are properly documented. E.g. forum and news links are missing in:			
<ul style="list-style-type: none">• RedmineTextFormatting (fixed in version 96)• source:/trunk/app/helpers/application_helper.rb@11639#L629• source:/trunk/public/help/wiki_syntax_detailed.html@11639

History

#1 - 2013-03-26 15:29 - Dipan Mehta

Recently I came across issue #11056 which enlightend me that paragraph color and other such properties are actually possible in wiki texts. I still don't know which other such properties would be available.

Looks like many aspects are followed from here <http://redcloth.org/hobix.com/textile> but I think many wouldn't be fully aware of this.

It will help if this will be included in this documentation.
