

## Redmine - Feature #13638

### Issue filtering - Adding time (hours) component in date filters with interfield comparison

2013-03-29 10:35 - VD DV

<b>Status:</b> New	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b> Issues	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	
<b>Resolution:</b>	
<b>Description</b> This feature extends <a href="#">#13637</a> (Issue filtering - Adding time (hours) component in date filters)  Another nice feature could be to compare if difference between Created datetime field and Closed datetime field are greater than X hours (here X is arbitrary value again). Of course other relational operators could be included also.  This interfield filtering might be related to <a href="#">#13635</a>
