Redmine - Defect #13663

Wrong language is shown in the Settings - Repositories - Applied Status selectbox

2013-04-02 16:48 - Zazvonnyh Alexsey

Status:ClosedStart date:Priority:NormalDue date:Assignee:% Done:0%

Category: I18n Estimated time: 0.00 hour

Target version:

Resolution: Invalid Affected version: 2.3.0

Description

Wrong language is shown in the Administration - Settings - Repositories - Applied Status selectbox then current language is English or Russian and may be other.

History

#1 - 2013-04-02 17:11 - Etienne Massip

- Category changed from Translations to I18n

I don't know how but it looks like you selected the wrong locale fr when loading the default data set using appropriate rake task (see RedmineInstall#Step-7-Database-default-data-set)?

#2 - 2013-04-02 17:12 - Etienne Massip

- Status changed from New to Closed
- Resolution set to Invalid

Closed as it seems to be a configuration issue, please reopen it if it's due to an actual bug.

#3 - 2013-04-02 18:41 - Zazvonnyh Alexsey
