

Redmine - Defect #13793

Unable to change user role (due to sub-URI ?)

2013-04-17 16:19 - admin cbib

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Permissions and roles	Estimated time:	0.00 hour
Target version:		Affected version:	2.3.0
Resolution:			
Description			
Changing user role inside a project doesn't work. All other parts seems to work, only this button (POST action) failed (nothing happen). I guess that the problem is around sub-URI.			
<u>Installation</u>			
Environment:			
Redmine version 2.3.0.stable.11691			
Ruby version 1.9.3 (x86_64-linux)			
Rails version 3.2.13			
Environment production			
Database adapter Mysql2			
Redmine plugins:			
no plugin installed			
I use Apache and Apache passenger module with some special configuration to deal with sub-URI (www.myserver.fr/redmine). Based on http://www.redmine.org/projects/redmine/wiki/HowTo_Install_Redmine_in_a_sub-URI and http://www.redmine.org/issues/11881 In config/environment.rb:			
[...]			
# SUB-URI			
# http://www.redmine.org/issues/11881			
RedmineApp::Application.routes.default_scope = '/redmine/'			
# Initialize the rails application			
RedmineApp::Application.initialize!			
# Prendre en compte le SUB-URI			
Redmine::Utils::relative_url_root = "/redmine/"			
<u>Request that failed when i press button "change" (tab "Members" inside a project)</u>			
The "Request URL" is false. Should be something like "http://www.myserver.fr/redmine/memberships/1238", no ?			
Request URL: http://www.myserver.fr/memberships/1238			
Request Method: POST			
Status Code: HTTP/1.1 404 Not Found			
Request Headers			
X-Requested-With:XMLHttpRequest			
X-CSRF-Token:ZeR7ggPo/fXMhPJJa0IOIJFdWN335/VthcLUwAPaAvDw=

History

#1 - 2013-04-18 16:43 - admin cbib

Same problem inside a project "Configuration" tab --> "Repository" tab : unable to modify.

Link to "modify" = "<http://www.myserver.fr/repositories/21/edit>" instead of "<http://www.myserver.fr/redmine/repositories/21/edit>" ?
