- Status changed from New to Closed
- Resolution set to Invalid

Make sure you're using a fresh config/settings.yml without any local changes.

#2 - 2013-06-03 23:16 - Cezary Błajszczak

I encountered the same problem, but on a fresh installation. I saw [#12861](#), but the solution provided there doesn't seem to work for me (I did chmod

-R 777 redmine\_dir).  
I didn't change config/settings.yml manually.

Any solution please?
