

Redmine - Defect #13914

Circular dependency issue when issue dependency is set

2013-04-30 14:10 - sadhanandavel ramdoss

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	2.3.0
Resolution:	Duplicate		
Description <p>Hi, I rearranged one of the recently created task as parent to the existing tasks. After this when I started setting relationships among issues, I am getting an error "this relation would create a circular dependency".</p> <p>The details are:</p> <ul style="list-style-type: none">- Issue 1 precedes issue 2- Issue 2 precedes issue 3 <p>This relationship is throwing the above mentioned error. Is it because I moved the existing issues as child tasks of a new one? The relationship I set between 2 issues (precedes or follows) is very simple and noway it can cause a circular dependency.</p>

Hi, the issue I mentioned here is in the version 2.3.0; not in 2.2.3. Sorry for the wrong info. When I tried in 2.2.3, the issue relationship works without any error!

#3 - 2013-05-06 12:16 - Jean-Baptiste Barth

- Affected version (unused) changed from 2.2.3 to 2.3.0

- Affected version changed from 2.2.3 to 2.3.0

#4 - 2013-10-08 15:07 - Sandra Olandersson

I'm also having a problem with circular dependency.

I copied an issue and when I wanted to set the first issue to "duplicated by" I get the error "this relation would create a circular dependency". Even if I delete the relation "copied from" I still get the same error. I was recommended to use the duplicate functionality when having stories unfinished in a sprint in the Redmine Backlogs plugin (<http://www.redminebacklogs.net/en/usage-scrum-master.html>). As of speaking unfortunately I cannot get this to work.

I'm using Redmine version: 2.3.2.stable

Is it possible to prioritize a fix for this bug?

#5 - 2014-06-30 06:59 - Toshi MARUYAMA

- Related to deleted (Defect #8628: "Related to" reference may yield circular dependency error message)

#6 - 2014-06-30 06:59 - Toshi MARUYAMA

- Status changed from New to Closed

- Resolution set to Duplicate

Duplicate with [#8628](#).
